DISPOSAL OF PACKAGING

Do not disperse packaging or parts thereof into the environment.

We invite you to separate the different materials of the packaging according to the symbols of the separate collection, to properly carry out recycling and recovery.

DISPOSAL OF END-OF-LIFE COMPONENTS

Do not disperse packaging or parts thereof into the environment.

Please follow the instructions, if any, for the correct separation of materials and the relative differentiation of waste.

Particular attention should be paid to those parts identified with the cross bin symbol, which should not be disposed of with household waste, but should be allocated to a waste collection centre for electrical and electronic equipment.
